

A. DECLARATION OF LEGISLATIVE INTENT

It is the intent of the City of River Heights, the River Heights Planning Commission, and the River Heights City Council to establish a Historical Landmark Overlay Zone (HL) at 594 South 400 East, River Heights, Utah 84321. This site is not to conflict with the atmosphere of the surrounding residential neighborhood nor bring about noxious or nuisance activities.

This declaration is *not* to replace the current Residential zoning for the building located at 594 South 400 East, River Heights, Utah 84321 but to allow an additional layering of zoning for the enhancement of a historical landmark within City limits.

Residential zoning regulations supersede any additional Historical Landmark Zoning amendments created herein.

B. PURPOSE

The Historic Landmark (HL) Overlay Zone is intended to support the revitalization and productive reuse of structures and sites that hold historic, architectural, or cultural value, and which would otherwise be underutilized, dilapidated, or even demolished because the original use has become functionally obsolete. We recognize the importance of these significant landmarks and desire to provide a process to allow restoration and practical reuse while minimizing impacts to adjacent properties and avoiding the process of demolition and reconstruction.

The Historical Landmark Overlay Zone (HL) designation is further intended for light commercial development that will relate to the residential neighborhood and will be compatible with residential character or historic value in nature.

C. APPLICABILITY

This overlay zone may be applied in any zoning district if each of the following criteria is met:

1. The structure is at least fifty (50) years old.
2. The site or structure has been designated as a local or national historic landmark, or the structure is found by the River Heights City Council (“City Council”) to have retained its integrity by the following characteristics:

 - c. Individually eligible for the National Register of Historic Places, or
 - d. Known for its historical significance.
3. The building site, or structure would no longer be permitted under its current zoning designation with its present configuration including lot area, dimensional requirements, or off-street parking requirements, and the building, site, or structure could not easily be retrofitted to comply with existing criteria without variances, vacating right-of-way, purchasing adjacent property, or removing portions of the existing building.

D. RESTRICTIONS OF ZONE OVERLAY

Because the retention of a historic building is a substantial benefit to the community, the approval of this overlay zone shall be bound to the existing historic site or structure being adaptively reused. If the site or structure is removed or destroyed, the zoning of the property shall immediately revert to the surrounding zoning district which is currently Residential.
